

Young Contractors Council

An Investment in Your Industry's Future

The AGC of Mass Young Contractors' Council (YCC) is an opportunity for young industry professionals to develop strong leadership skills and techniques, to learn more about how to get involved in AGC and to network and share ideas with other young industry professionals.

YCC is open to all rising industry professionals under the age of 40 who are employed by member firms. To ensure direction and focus, YCC has an Executive Committee with a Chairman and Co-Chair, who sit on the AGC Board of Directors for their year-long term.

Individual Benefits: YCC offers young members exposure to other professionals within the industry, opportunities to augment their education through relevant programs and assists in developing strong leaders for the association and the industry as a whole.

Company Benefits: Companies benefit by gaining well rounded and more professional individuals who gain additional perspectives from being exposed to industry leaders and peer groups.

YCC Outreach: YCC members have the opportunity to act as mentors to the AGC Student Chapters - Fitchburg State, Roger Williams University; UMass/Amherst, Wentworth Institute of Technology, Worcester Polytechnic Institute.

Becoming a member of the AGC Young Contractors Council is the first step in developing leadership skills that will help propel you along in your career.
