

Safety Management Training

September 21-23, 2010 | Philadelphia

The AGC Safety Management Training Course (SMTC) provides attendees three days of training on the basic skills needed to manage a company safety program in the construction industry.

The program builds on Focus Four training and prepares attendees to manage key safety issues on the job site and provides techniques for delivering basic safety training to field personnel.

Participants will receive intensive instruction and training that will allow them to return to their firms with readily applicable new skills to positively impact their company's safety and health program.

Topics Covered Include:

- OSHA Inspections
- Subcontractors & Multi-Employer Relations
- Job Safety Analysis
- Equipment Management
- Steel Erection Safety
- Electrical Safety Management
- Accident Investigation
- Excavation Management
- Concrete Safety
- Fall Protection Management
- Bi-Lingual Issues

Registration:

\$995.00 (includes training materials, breakfasts, lunches and snacks)

Who Should Attend:

Ideal candidates should have responsibilities that include the safety items above or responsibility for overall company safety programs.
