

The one card constructed to save pros time & money

The BP Business Solutions Universal Fuel MasterCard is the only card specifically designed to deliver the convenience and control that contractor's need by allowing you to purchase fuel, maintenance and building supplies. Your employees save time by fueling up at any BP location or anywhere MasterCard is accepted and using the same card to purchase supplies at most home improvement retailers and local supply stores. Consolidate everything on one card to increase your visibility and control over expenses, while still earning valuable fuel rebates. Here's how the BP Business Solutions Universal Fuel MasterCard helps your business:

CONVENIENCE

- Fuel up at your favorite BP location or anywhere MasterCard is accepted nationwide—more than 175,000 fueling locations
- Use cards for maintenance purchases at 400,000 locations—but only with your permission
- Use this card to purchase materials and building supplies at a variety of locations from large home improvement retailers to building supply outlets

CONTROLS

- Monitor transactions and manage your account online in real-time
- Establish controls to restrict what, where and when drivers can purchase
- Customize spend limits for each card and assign optional job codes for various purchases
- Receive access to the most detailed reporting available, including product level data at select home improvement retailers

SAVINGS

- Earn rebates up to 6.0¢ per gallon**
- Reduce fraudulent purchases by restricting cards to fuel, fuel and maintenance, or fuel, maintenance and supply locations only
