October 5, 2016

The Honorable Jacob Lew  
United States Treasury Secretary  
U.S. Department of the Treasury  
1500 Pennsylvania Ave., N.W.  
Washington, D.C. 20220

**Re: Proposed Regulations under Section 2704 (Reg. 163113-02)**

Dear Secretary Lew:

The 732 undersigned members of the Associated General Contractors of America are family-owned companies that represent construction workers across the United States. We have serious concerns about the potential impact of proposed regulations under Internal Revenue Section 2704 (the “proposed minority discount rules”) released by the Treasury Department on August 2, 2016.

The proposed regulations are some of the most sweeping changes to estate tax policies in the last 25 years and would be detrimental to active enterprises and family-owned businesses that employ millions of workers throughout the nation. In particular, these rules would impose significant new tax costs on family-owned businesses, diverting capital from business investment, costing jobs and threatening the ability of families to pass businesses on to the next generation of owners.

Given the negative impact of the proposal on jobs, investment and economic growth, we respectfully request that the Treasury Department withdraw these regulations. As drafted, the proposed regulations fail to consider the appropriate concerns and economic realities of family-owned businesses.

Thank you in advance for considering our request.

Sincerely,
