

## 2016 Work Zone Awareness Survey Results Washington Results

**1. During the past 12 months, has there been at least one crash involving a moving vehicle at one of the highway work zones where you operate?**

**2. If yes, how many?**

**3. Were any construction workers injured during these crashes?**

**4. If yes, how many?**

**5. Were there any construction worker fatalities during these crashes?**

**6. If yes, how many?**

**7. Were any drivers or passengers injured during any of those crashes?**

**8. If yes, how many?**

**9. Were there any driver or passenger fatalities during any of those crashes?**

**10. If yes, how many?**

**11. During the past 12 months, has a work zone crash involving moving vehicles resulted in construction delays for your firm?**

**12. If yes, please estimate the number of days your firm's projects have been delayed because of the work zone crash(es).**

**13. Compared to other potential work zone safety hazards, how serious of a problem do you think work zone motor vehicle crashes are?**

**14. In your opinion, are motor vehicle crashes a greater or lesser risk today than they were over a decade ago?**

**15. Do you think a greater police presence at work zone construction sites would help reduce the number of work zone crashes, injuries and/or fatalities?**

**16. Do you think tougher laws, fines and legal penalties for moving violations in a work zone would help reduce the number of work zone crashes, injuries and/or fatalities?**

**17. Do you think stricter enforcement of existing laws would help to reduce the number of work zone crashes, injuries and/or fatalities?**

**18. Do you think better or more frequent safety training for construction workers would help reduce the number of work zone crashes, injuries and/or fatalities?**

**19. Does your state DOT or other public owners regularly include positive barrier/separation in the bid where traffic is a concern?**

**20. Would increased use of positive barriers where traffic is a concern help to reduce injuries and fatalities on your projects?**

**21. Why do you think positive barrier is not regularly used?**
