

AGC
CHARITIES INC

2025 AGC IN THE COMMUNITY AWARDS

AGC in the Community is an initiative of AGC Charities, Inc., designed to showcase the community service projects of AGC of America's chapters and member firms. The awards recognize service projects that epitomize the essence of charitable giving, through actual hands-on service and donations to charitable organizations.

MEMBER WINNER

40 FOR 40 COMMUNITY SERVICE CHALLENGE

Caddell Construction

Nationwide

In honor of Caddell's 40th anniversary, the firm's executive leadership challenged each project team, corporate office and support department to perform at least 40 hours of community service in their local area between June and December 2023. President and CEO Mac Caddell wanted this initiative to reinforce the company's key tenets, known as "The Caddell Way." In total, more than 300 employees, family members and trade partners volunteered, completing more than 1,500 hours of service work across 36 different charities worldwide. These charities included food banks, land cleanup, animal welfare, disaster relief, and more, in 11 states, Guam, the Bahamas and Mexico. Many volunteers have continued their service after the official challenge ended.

CHAPTER WINNER

ANNA'S HOME

Inland Northwest AGC
Spokane, Washington

In partnership with the Anna Schindler Foundation, the chapter's Construction Leadership Council (CLC) helped to bring safe, accessible housing to child cancer patients and their families. The only single-family respite homes for pediatric oncology patients and their families in the entire region, Anna's Homes provide a critical resource for patients who may live as many as six hours away from treatment. These homes help to provide consistent housing for patients and keep families together during treatment. Using unique fundraising opportunities to showcase construction technology, the CLC raised more than \$18,000, and donated 900 hours of time to expand Anna's homes from just two to six, completing a phase of the project that had previously been stalled. Using their construction expertise, expanded reach and access to funds, the CLC helped to officially kick off this project, and celebrated its groundbreaking last year.

CHAPTER WINNER

MARY'S HAVEN

AGC Oregon-Columbia Chapter
Talent, Oregon

Chapter members helped build southern Oregon's first transitional housing facility for victims of domestic violence, sexual assault, and sex trafficking. In the state, one in five homicides are due to domestic partner violence, and Community Works is the only intervention and prevention agency in Jackson County, supporting 3,000 adults and children. Members volunteered to design and build a new 5,500-square-foot, secure two-story facility that includes 12 family units, a play area, healing gardens, and an administrative area for onsite staff. Members also solicited donations and negotiated reduced pricing and donations from vendors. They also provided materials, labor and management services to complete Mary's Haven apartments on time and under budget.

SPECIAL RECOGNITION

HOMES OF HOPE HUBBELL EXTREME BUILD

Hubbell Construction Services

Ankeny, Iowa

Every four years since its 2006 participation in the TV show Extreme Makeover: Home Edition, Hubbell has completed its own extreme build projects. On With Life is a nonprofit that supports rehabilitation and recovery for Iowans suffering from a traumatic brain injury, stroke or disease. The 2024 Hubbell Homes of Hope project involved building two 3,800-square-foot family homes, each with five suites, shared family room, full kitchen and dining area. These homes provide a space for families to support patients undergoing treatment with On With Life. The Hubbell team completed both homes in six days. They raised \$1.3 million in labor and material, covering more than half of the project cost. In addition, Hubbell partnered with local craft brewing company Confluence to create the Extreme Strides Brew, inspired by brain health and with On With Life branding. All \$10,000 in proceeds from the special beer went to the charity, along with a \$10,000 matching donation from Hubbell.

In addition to presenting the AGC in the Community Awards, AGC Charities promotes and supports the national charitable initiative Operation Opening Doors, a program that provides renovation services for organizations and families in need.
