ASSOCIATION

# COVID-19

## NATIONAL SAFETY STAND-DOWN | APRIL 9, 2020

Join AGC and your fellow construction contractors across the country on April 9, 2020 for a national safety stand-down dedicated to educating employees on preventing the spread of COVID-19.

### PURPOSE

The COVID-19 National Safety Stand-Down is an opportunity for employers to discuss COVID-19 with employees, particularly the importance of understanding and following all applicable public safety and health guidelines.

### PARTICIPATION

Any workplace can hold a stand-down by gathering their workforce for 10-15 minutes, or more, reviewing the toolbox talk(s) prepared by AGC\*, or their own, and allowing time for discussion and questions.

### PROMOTION

We encourage you to share your safety stand-down!

Please [click here](#) to share details of your stand-down with AGC. In addition, share your stories and photos on social media with the hashtag **#COVID19SafetyStandDown**

**NOTE:** During the stand-down, employers should continue to observe the current recommendations for social distancing by separating their workforce into groups of ten (10) or less people and maintaining a minimum of 6 feet between persons.

## Stop the Spread – Protect Yourself & Others

\*AGC has developed a series of toolbox talks to assist with your stand-down event. Please visit [agc.org/coronavirus](http://agc.org/coronavirus) to download the toolbox talks as well as other resources to prepare for a successful stand-down. Contact Nazia Shah ([nazia.shah@agc.org](mailto:nazia.shah@agc.org)) or Kevin Cannon ([kevin.cannon@agc.org](mailto:kevin.cannon@agc.org)) with any questions.
