2022 Buy America Materials Survey Results

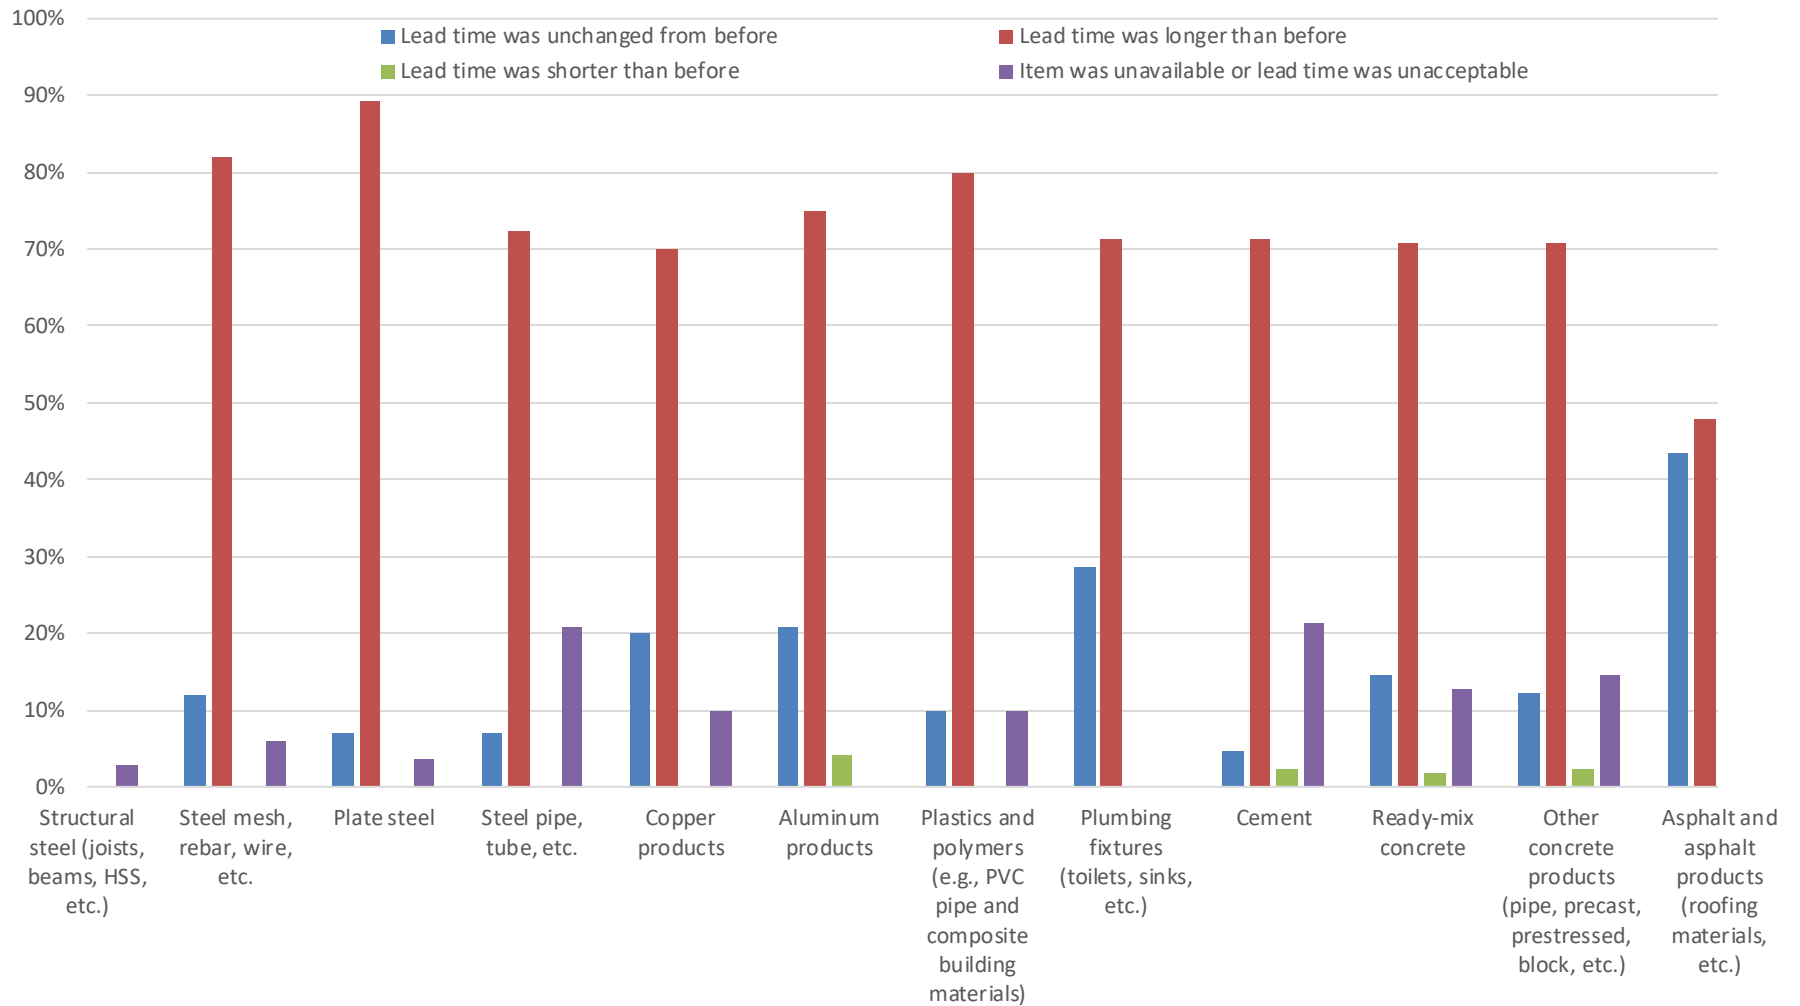

Highway and Transportation Results

Total responses: 77, but numbers varies by question.

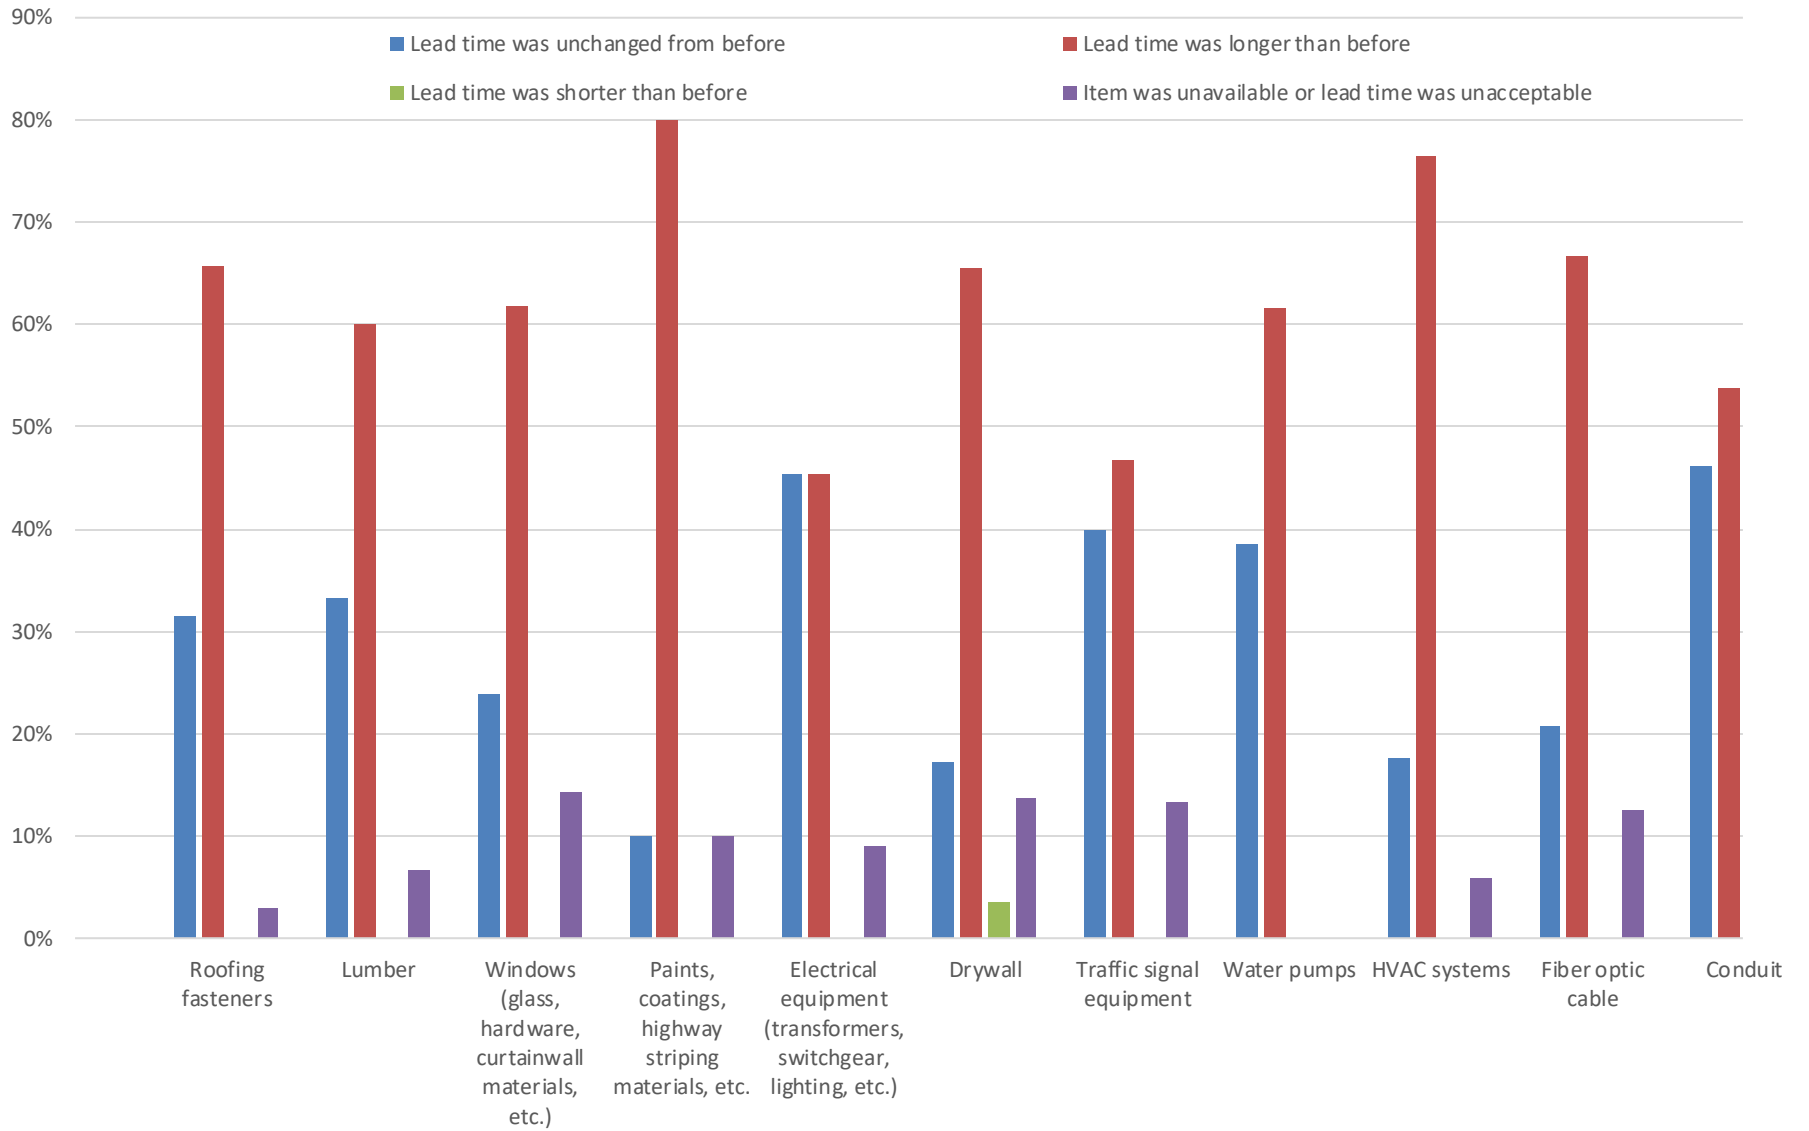

Are you currently experiencing long lead times and/or allocations (less-than-full shipments) for construction materials?

Please tell us about your experience in the past year in obtaining materials and manufactured products.

Continued - Please tell us about your experience in the past year in obtaining materials and manufactured products.

Which construction materials and manufactured products do you think will be a challenge to comply with new Buy America requirements? You can select multiple materials and write any that are not listed in the “Other” field.
