RE: AGC Support for Mr. Molinaro's Nomination to be Administrator of the Federal Transit Administration

Dear Chairman Scott and Ranking Member Warren:

The Associated General Contractors of America (AGC) supports the nomination of former Congressman Marc Molinaro as the Administrator of the Federal Transit Administration (FTA). AGC is a national construction trade association representing more than 28,000 construction firms with chapters and members in every state, the District of Columbia and Puerto Rico. AGC chapters and members work on transportation projects nationwide - including roads, bridges, and transit systems - and understand the importance of investing in our nation's infrastructure.

Former Congressman Molinaro is well-qualified to lead the FTA in advancing safe, efficient, and innovative public transit solutions across the country. Throughout his tenure in government, Mr. Molinaro has demonstrated an understanding of infrastructure challenges and the critical role that transportation plays in economic growth and community connectivity.

He has long been a champion for individuals with disabilities, advocating for greater accessibility in public transportation. His commitment to ensuring that transit systems serve all Americans will be a tremendous asset to the FTA. Under his leadership, AGC looks forward to working with former Congressman Molinaro to expand mobility options and improve compliance with the Americans with Disabilities Act (ADA) to create accessible transit solutions.

AGC looks forward to working with former Congressman Molinaro on rebuilding our nation's transit systems. As such, we urge the Senate to quickly confirm his nomination.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeffrey D. Shoaf".

Jeffrey D. Shoaf
Chief Executive Officer
