

AGC Public/Private Industry Advisory Committee (PIAC)

2024–2026 COMMITTEE APPLICATION OVERVIEW AND CRITERIA FOR SERVICE

PIAC Committee Purpose

The PIAC was established to provide a direct line of communication between private and public owners and the AGC of America. The primary mission of the PIAC is to promote dialogue with private and public owners involved in facility construction on issues including owner needs, market trends, industry best practices, and legislation. Through the PIAC, AGC's goal is to foster a construction industry that is more responsive to owners' needs.

The PIAC's goals are to:

- Provide a forum to discuss the changing needs of owners.
- Review current trends such as Building Information Modeling (BIM), lean construction, craft worker and personnel availability.
- Review the latest in technology and methods for its implementation.
- Provide a forum to review current legislation, regulations, codes, and enforcement actions that may affect the industry and have long-term implications on owners.
- Provide a means to review current contracting practices and to encourage discussions on improving the construction process.
- Provide a means of sharing information on workforce development, safety, OSHA compliance and environmental issues.

Committee Role

- Lead the PIAC and ensure the PIAC mission is achieved;
