

BUILD America 250 Act – AGC Scorecard

The BUILD America 250 Act largely aligns with [AGC priorities](#), with strongest marks for funding structure, the Highway Trust Fund, and resiliency.

AGC Polling Shows Voters Want Action			
Based on a Morning Consult survey of 10,000+ registered voters nationwide , more than three in four voters want Congress to pass a new highway, bridge, and transit funding law before the current one expires on September 30 — and they back it up with urgency.			
78% support passing a new funding bill on time	81% call passing new funding a priority	77% are concerned about the shortfall	76% would be more likely to vote for a candidate who voted for reauthorization

AGC Priority Scorecard		
AGC Priority	Score	AGC Assessment of BUILD America 250 Act
Highway Trust Fund	✓	<u>Strong alignment</u> : Keeps the Highway Trust Fund focused on core transportation needs; 67% of voters support requiring EV and hybrid owners to pay a federal road fee.
Funding & Program Structure	✓	<u>Strong alignment</u> : Preserves formula funding and state flexibility; 64% of voters support sending funds by formula, not D.C. grants.
Construction Workforce	—	<u>Partial alignment</u> : Creates a taskforce to identify workforce development strategies to address workforce needs.
Environmental Review and Permitting	—	<u>Partial alignment</u> : Advances permitting reform; 67% of voters support cutting duplicative reviews to break ground faster.
Resiliency and Congestion	✓	<u>Strong alignment</u> : Supports reliability and asset repair; 77% of voters support record funding to repair and replace aging bridges.
Work Zone Safety	—	<u>Partial alignment</u> : Recognizes safety needs; 75% of voters support barriers and speed cameras to protect work zones.
Public Transit	✓	<u>Strong alignment</u> : Maintains transit in the surface transportation package; 70% of voters support more funding for public transit.
Technology and Innovation	—	<u>Partial alignment</u> : Includes useful data and safety improvements but does not fully meet AGC's broader technology and innovation goals.
Financing Tools	✗	<u>Limited alignment</u> : Lacks additional financing tools for strengthening long-term transportation investment.
